**Kunming
March 2, 2016**

ARGENTINA / BOLIVIA / CHILE / COLOMBIA / ECUADOR / PERU / VENEZUELA

The Andean Forest Program

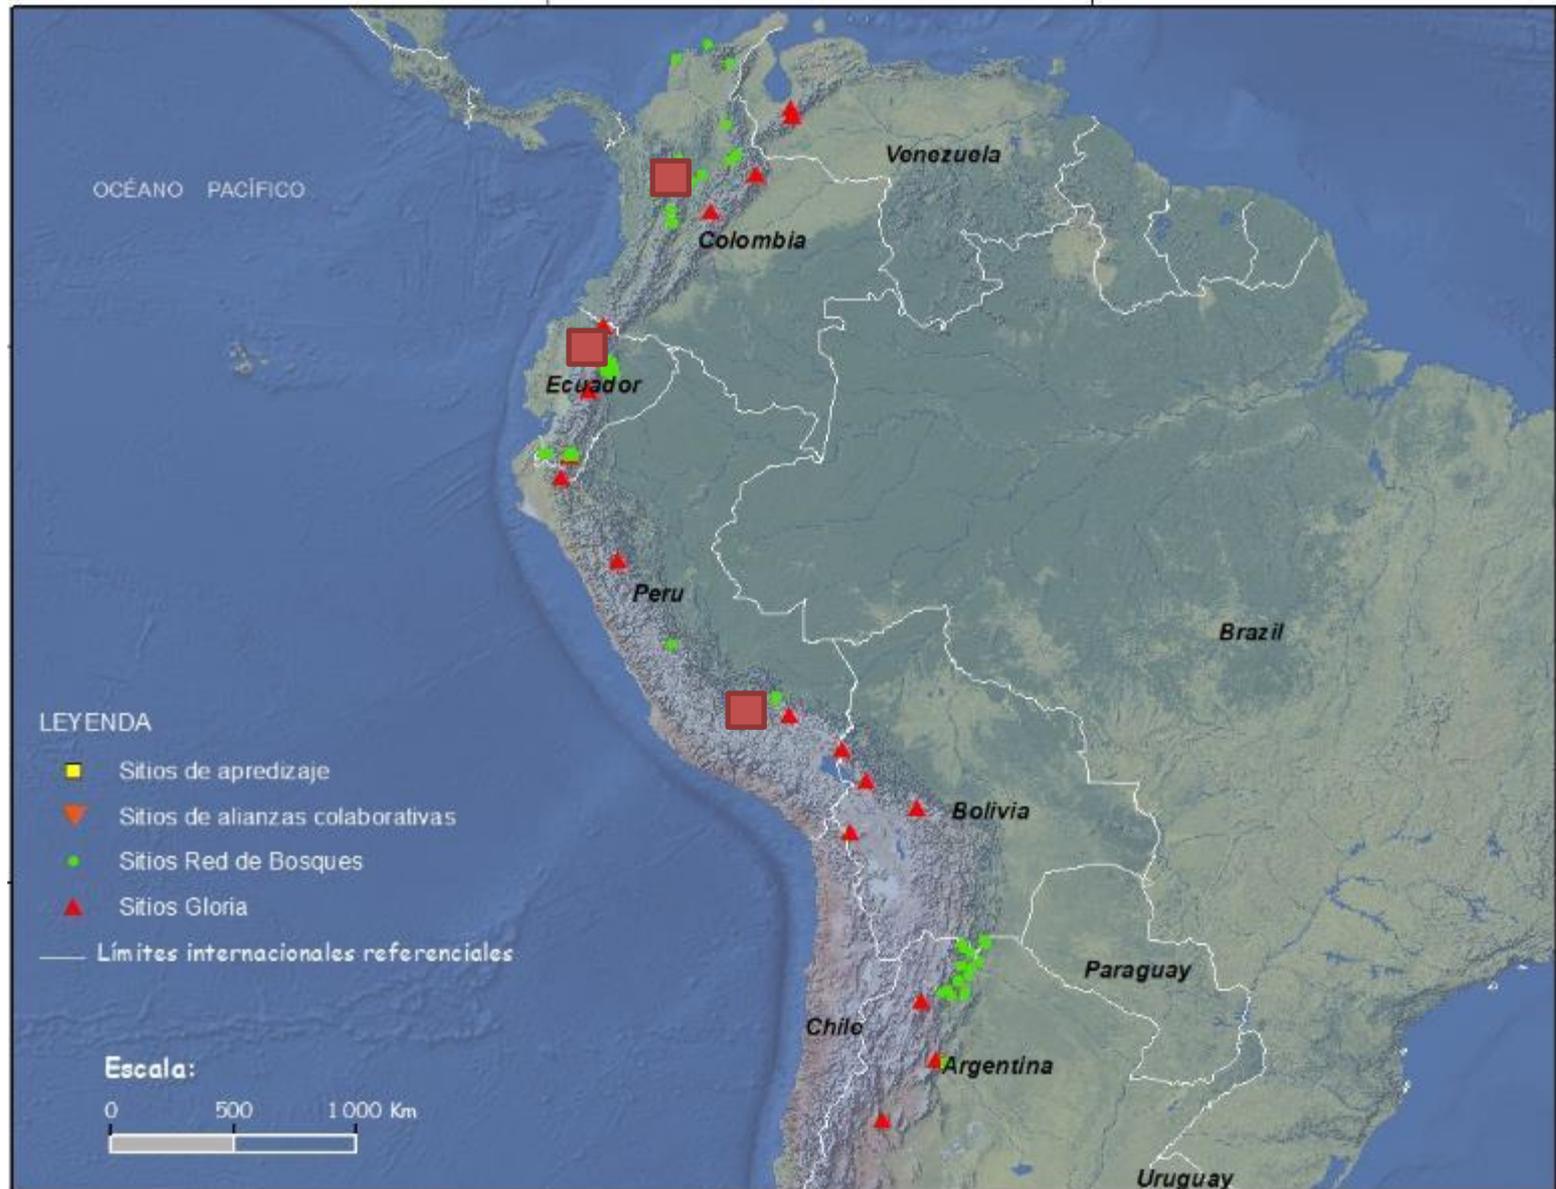

COMPLEX LANDSCAPES

Restoration

ECOSYSTEM SERVICES
(H₂O, Carbon, Biodiversity)

Multiple scales

Mesoscale governance platforms

- Reflect context dependent trajectories of institutional development (seeds already present)
 - Promote legitimacy
 - Reflect a broader scale (formal/informal) institutional context
- Balance local relevance
 - larger scale agenda
- Widespread (?)

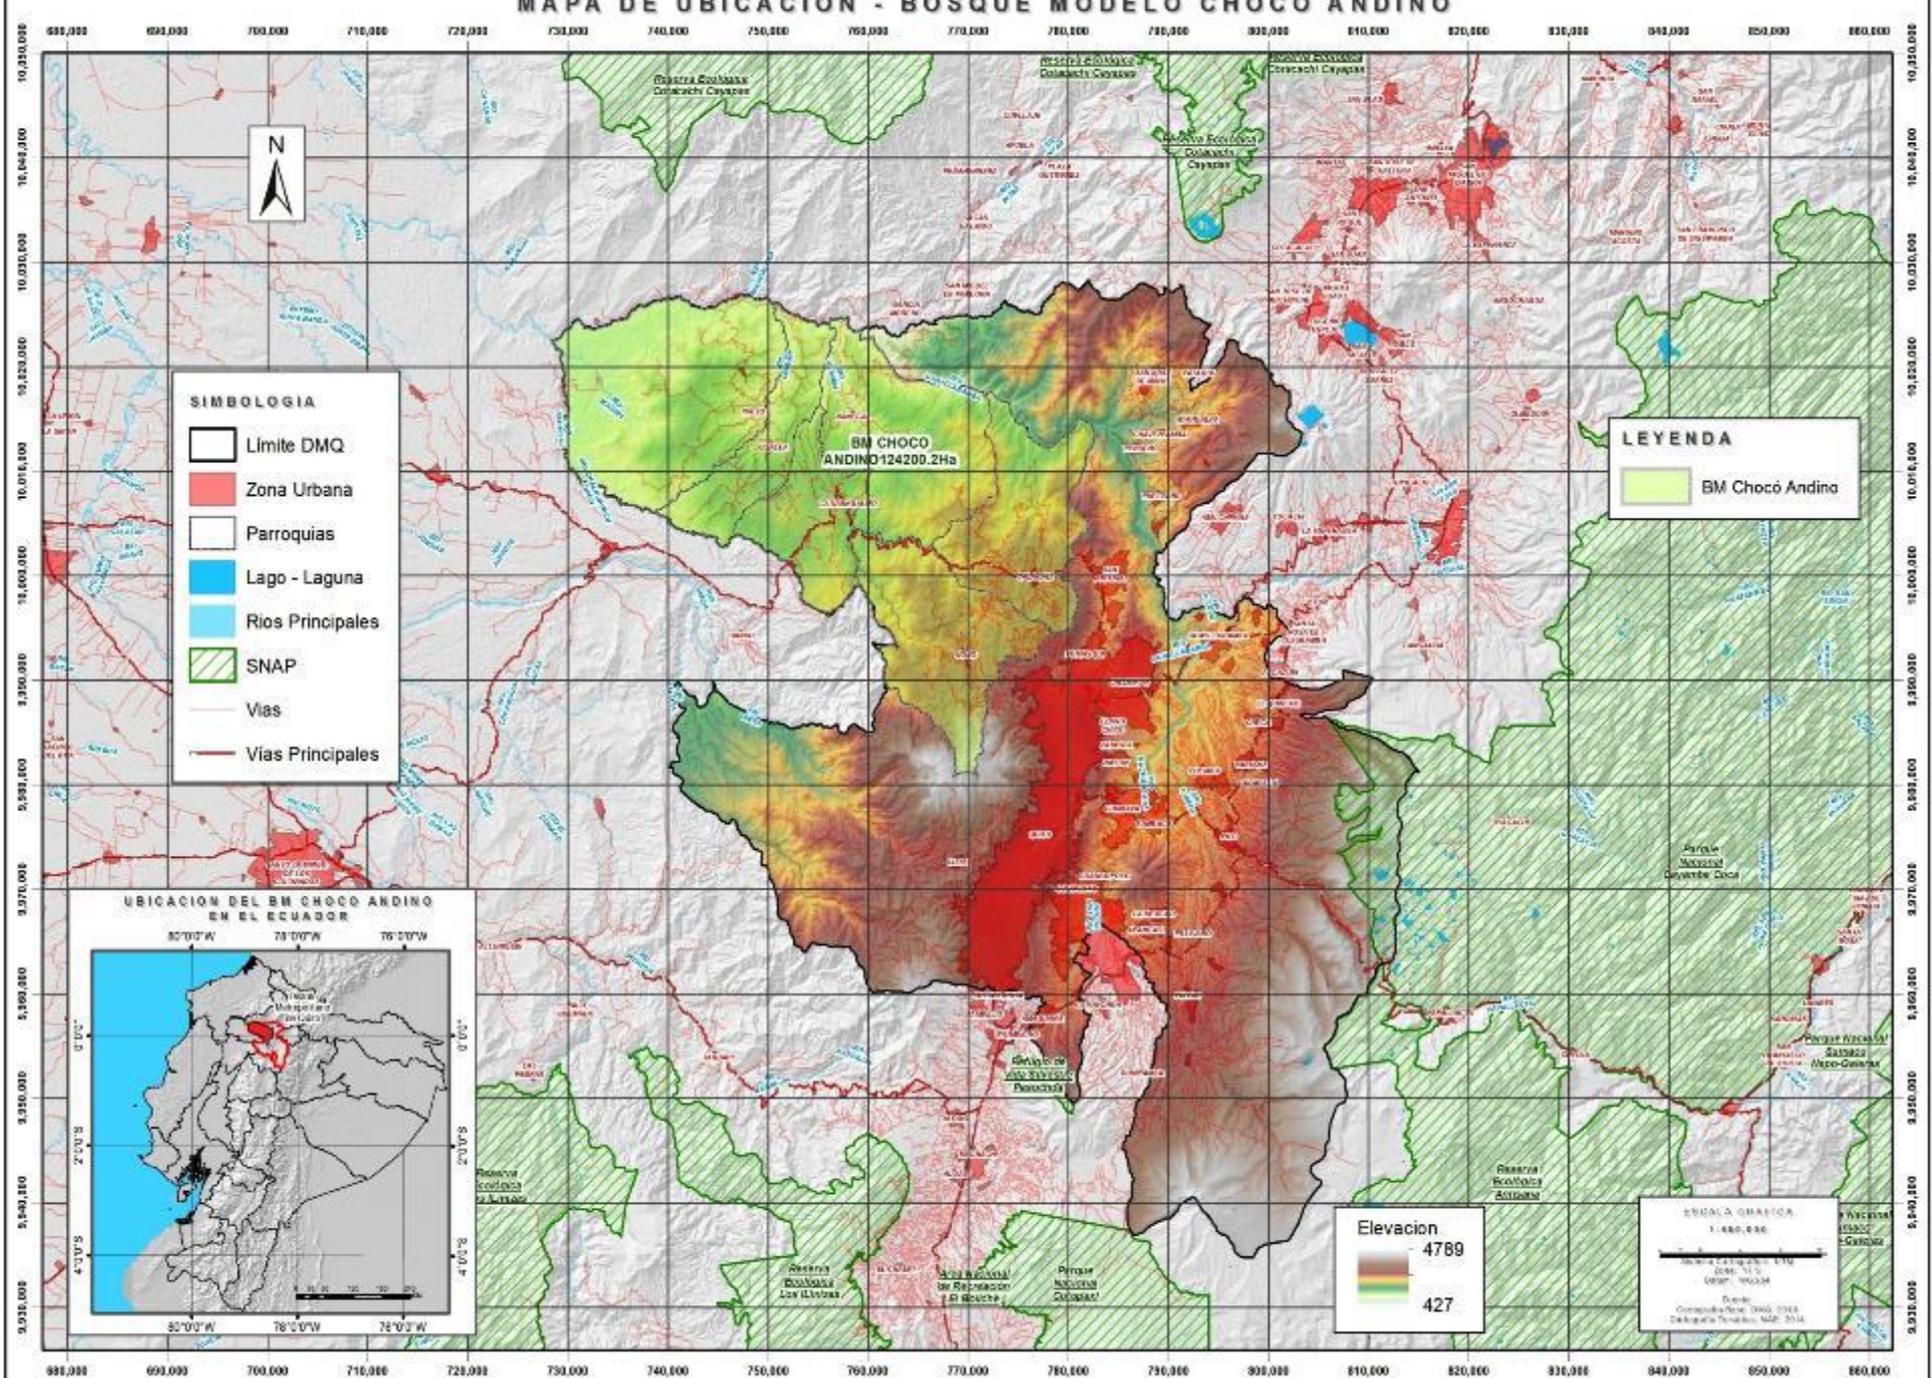

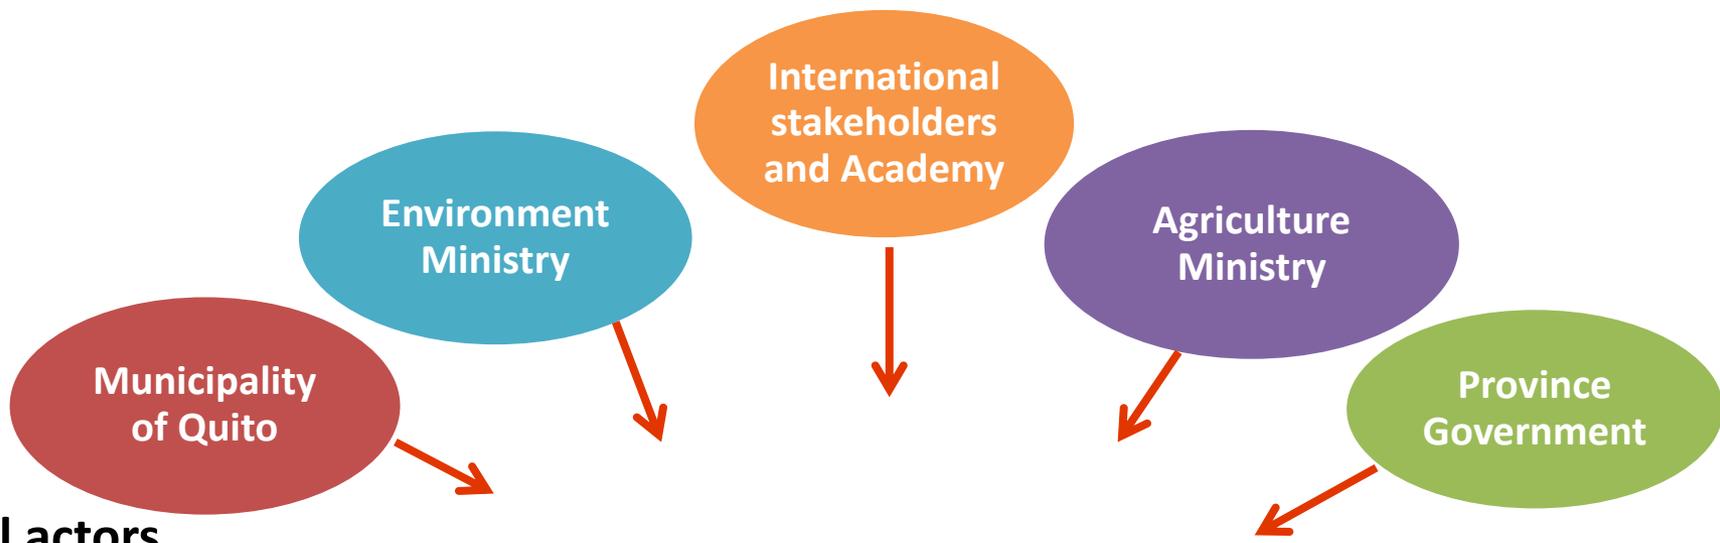

Mesoscale governance platforms

- Analytical challenges (adapting SES framework?)
 - Heterogeneous
 - Larger scale
 - Multiple goals
- Challenges for intervention
 - Link to on-the-ground activities

MAPA DE UBICACION - BOSQUE MODELO CHOCO ANDINO

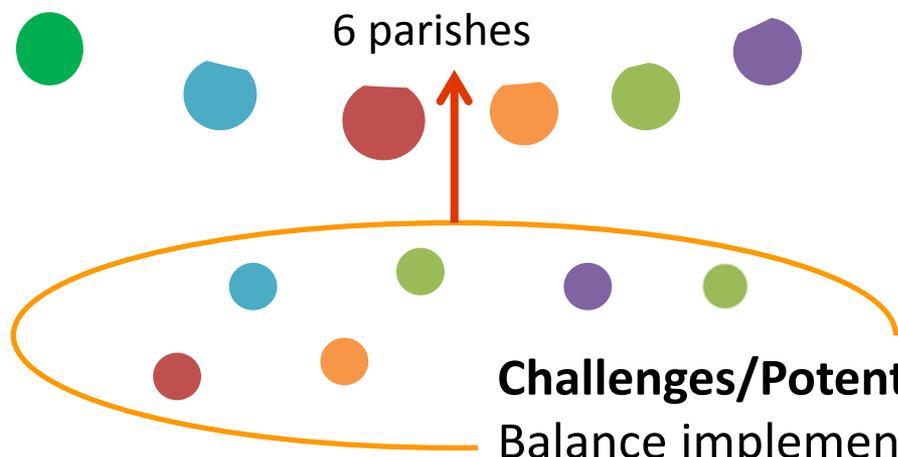

External actors

Local actors

- Productive organizations
- NGOs
- Grass-root initiatives
- Individual efforts of conservation

Challenges/Potentialities
 Balance implementation – operation
 Balance social – environmental
 Manage information suitably

Thank you
